AMENDMENT A

Dear Sirs:

This Amendment is being filed in response to the Office Action mailed April 3, 2003.

Re-examination and reconsideration is requested.

Please amend the Application as follows:

IN THE ABSTRACT:

Please cancel the Abstract and insert the following new Abstract on a separate page:

--ABSTRACT

A method of marking a skin for a vehicle interior trim panel to indicate the position or function of a switch includes providing a skin having a color and an outer skin surface. A laser beam is applied to the outer skin surface such that a portion of the skin surface contacted by the laser beam changes color relative to a portion of the outer skin surface not contacted by the laser to create a marking in the outer skin surface.--
